

KOBREX[®]

WIRE & CABLE

ABOUT US

KOBREX, is an integral part of the four pillars that form Grupo Industrial LM, a family owned mexican conglomerate based in Monterrey, Nuevo León since 1964.

With more than 26 years of experience in the manufacturing of copper and aluminum wire and cable, for low, medium and high voltage, we service a wide variety of markets, such as: residential, construction, industrial, transmission and distribution for the utility market, renewables, OEM's, to name a few. We deliver outstanding customer satisfaction and exceptional quality products thanks to our rigorous monitoring processes during production and our strict product testing and certifications.

CERTIFICATIONS / APPROVALS

Our products and processes are certified by the most prestigious international organizations, which guarantee that our electrical conductors are manufactured with the highest standards in the industry.
